RE: Himco Landfill, County Road 10, Elkhart, Indiana

Dear Ms. Swales:

In response to your letter of April 27, 1989, the following information is hereby submitted:

1. (a) The Elkhart Municipal Airport is a small municipal airport which serves as a base for air carrier, corporate and private aircraft.
- (b) There are no manufacturing processes on the airport.
- (c) No waste in reportable quantities were generated for disposal by Himco or any other party. Such wastes as were generated consisted of paper, aluminum cans, wood, cardboard, discarded metal parts (i.e. vehicle parts) small quantities of empty paint cans, empty cleaning supplies' empty containers, used oil, glass and concrete chunks.
- (d) Empty paint cans and empty cleaning supplies' containers are rinsed and then placed in Himco trash receptacles for pick-up by Himco along with paper, cardboard, wood, metal parts, glass and concrete. Used oil is stored in a 55-gallon drum for periodic pick-up for reclaiming and recycling by Berreth Oil Co., Mishawaka, IN. The total quantity of used oil disposed of would be approximately 50-60 gallon per year.

(e) We do not have an SIC number.

2. We do not have any written agreements with companies or individuals for disposal of hazardous wastes. Petroleum products (used oil) is the only hazardous waste we deal with and is handled as indicated hereinabove.

3. No.

Sincerely,

BOARD OF AVIATION COMMISSIONERS  
City of Elkhart, Indiana, by

James G. Cobb, Airport Manager
